

## CLIENT SETUP INSTRUCTIONS

please use follow the steps to download installer file for Windows 10 System

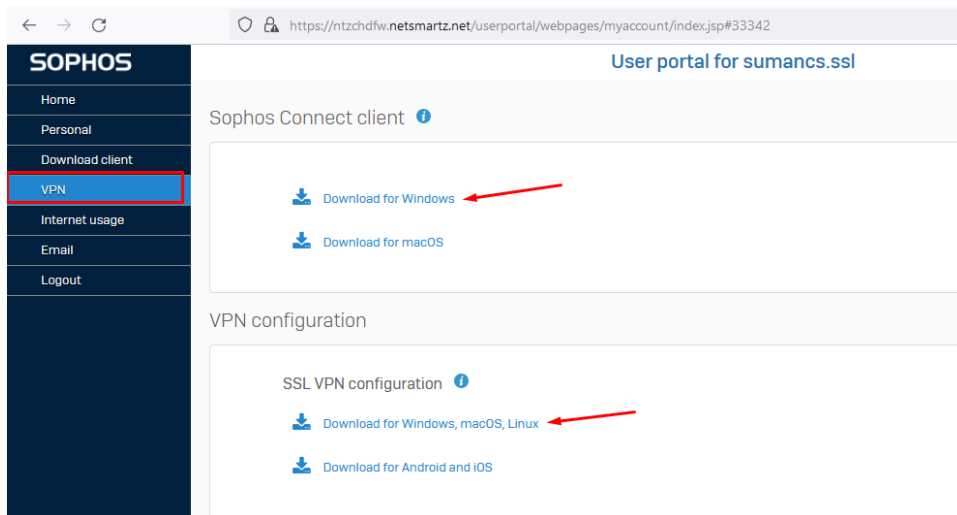

Step1. Open any browser and enter this URL <https://ntzchdfw.netsmartz.net/>

Enter the SSL VPN Credentials

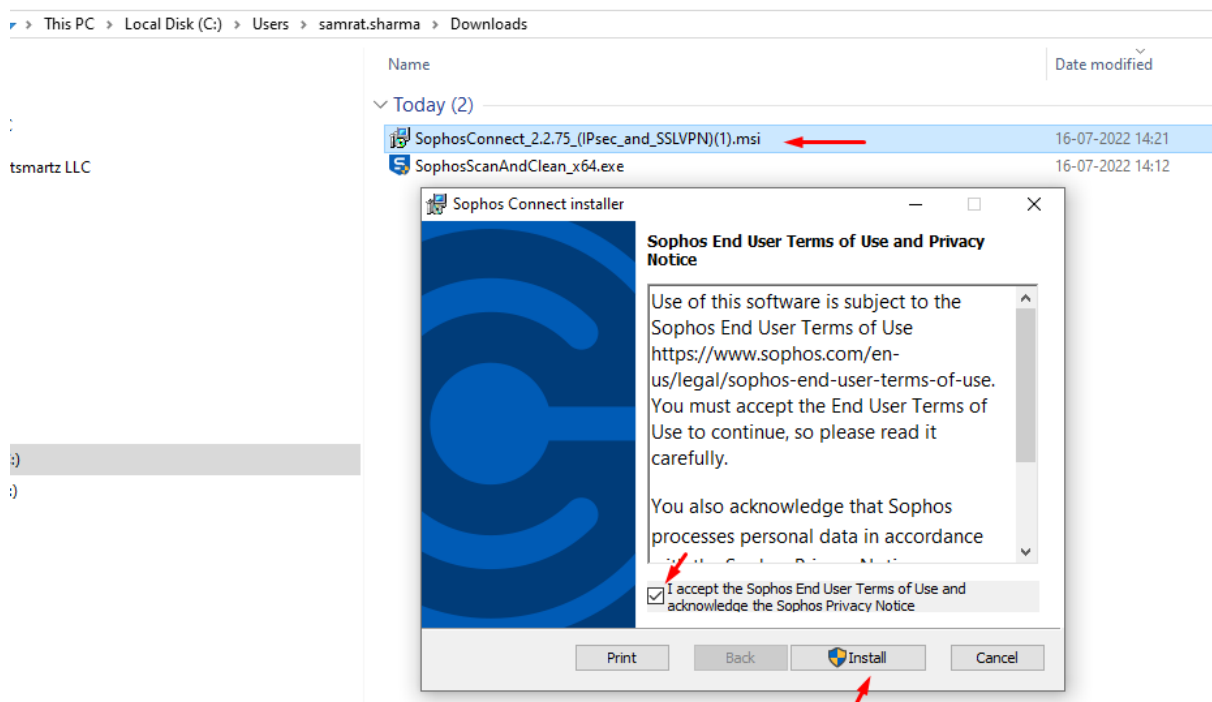

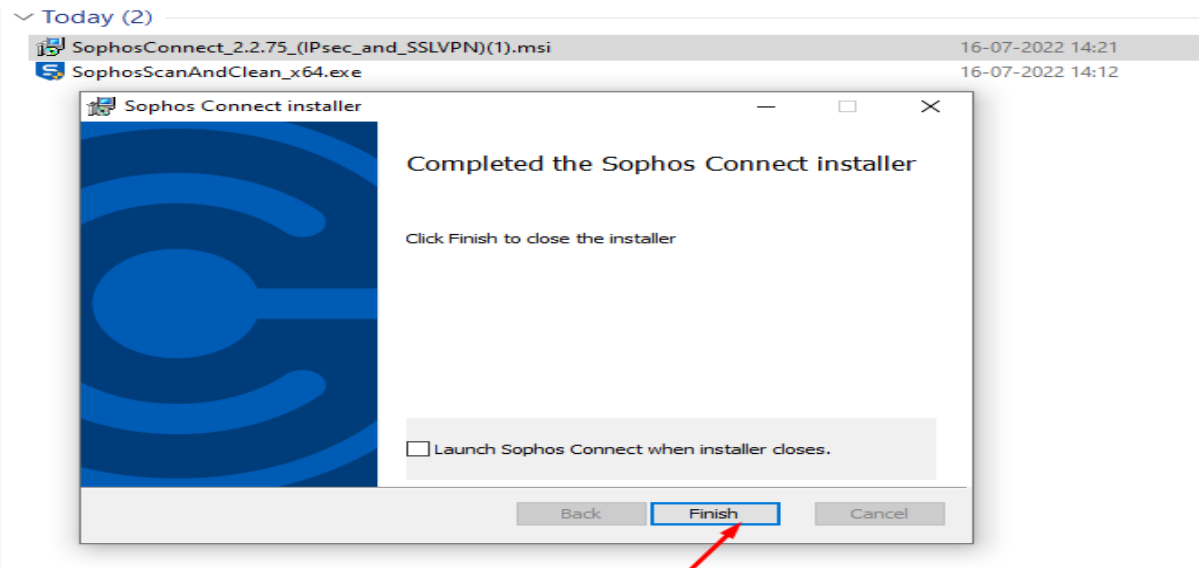

The screenshot shows a web browser window with the URL <https://ntzchdfw.netsmartz.net/userportal/webpages/myaccount/login.jsp>. The page features a dark blue sidebar on the left with the 'SOPHOS' logo at the top. Below the logo are input fields for 'Username', 'Password', and 'CAPTCHA'. The CAPTCHA image displays the text '0952kb'. Below the CAPTCHA field is a text prompt 'Enter the CAPTCHA code' and another input field. A blue 'Login' button is positioned at the bottom of the sidebar. The main content area has a black background with a blue icon of two people and the text 'User Portal' in white. A language dropdown menu in the top right corner is set to 'English'. A copyright notice '© 2023 Sophos Ltd.' is visible in the bottom left corner of the sidebar.

Click ON VPN TAB Download the Download for Windows & VPN Configuration files.

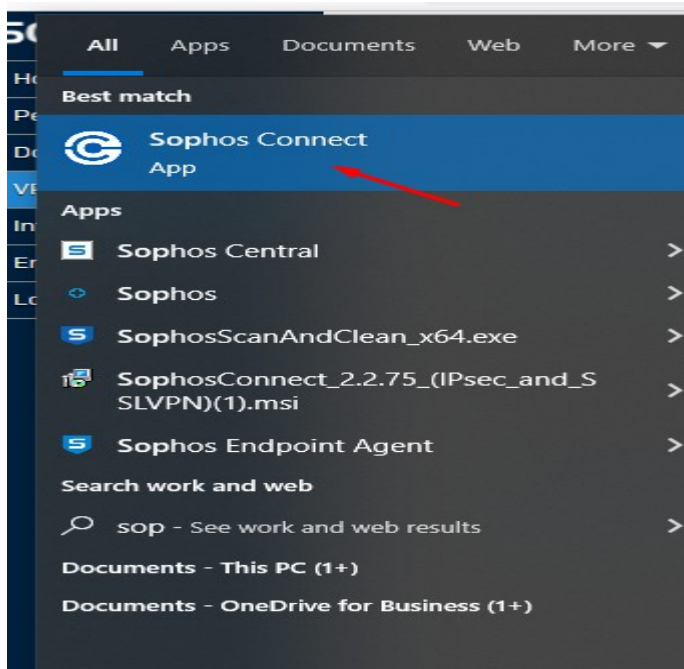

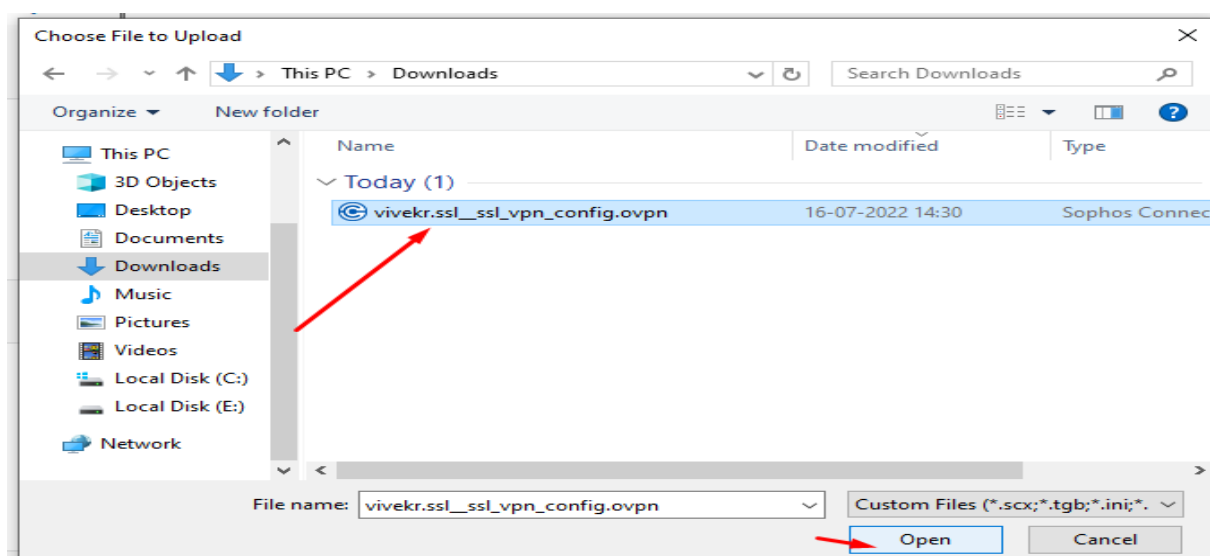

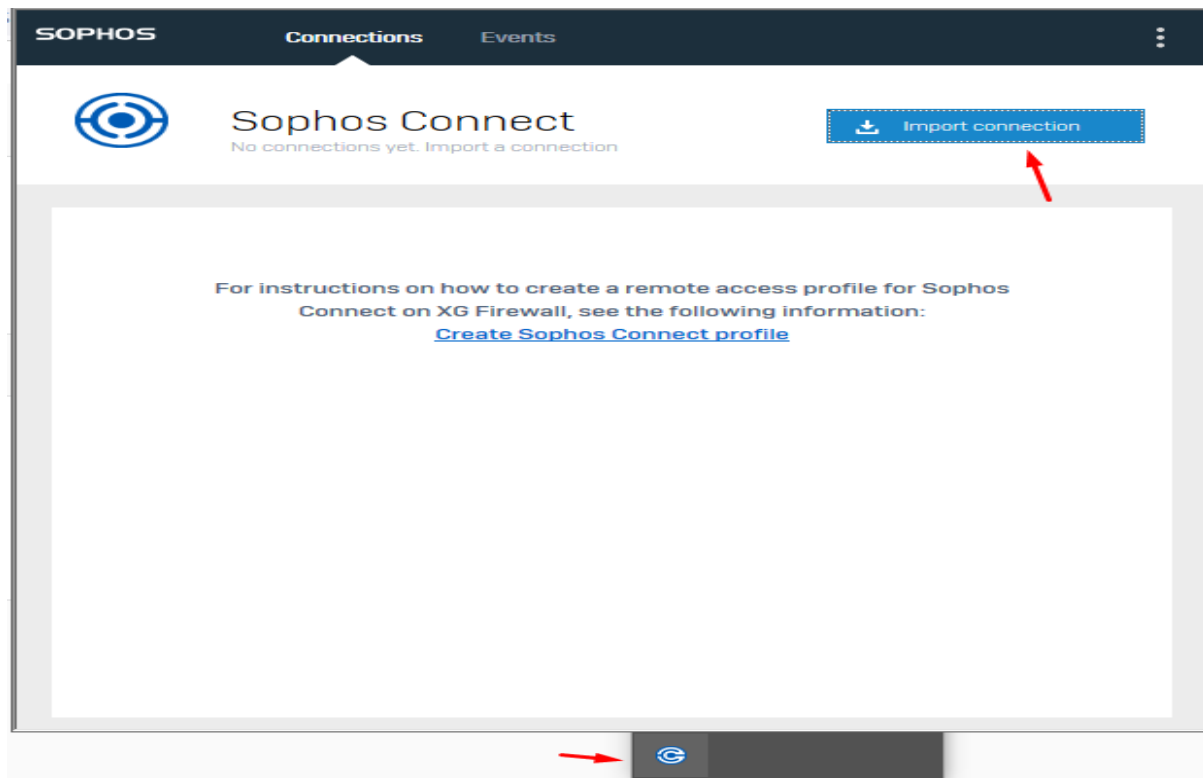

Run the downloaded for Windows EXE File and follow the Instructions.

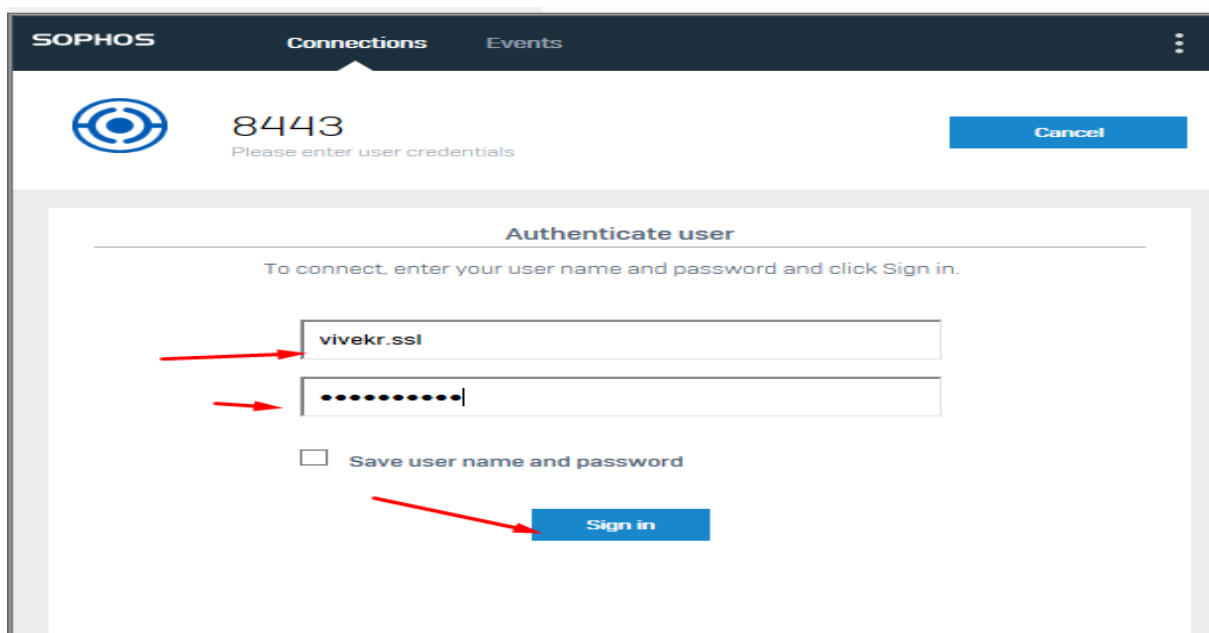

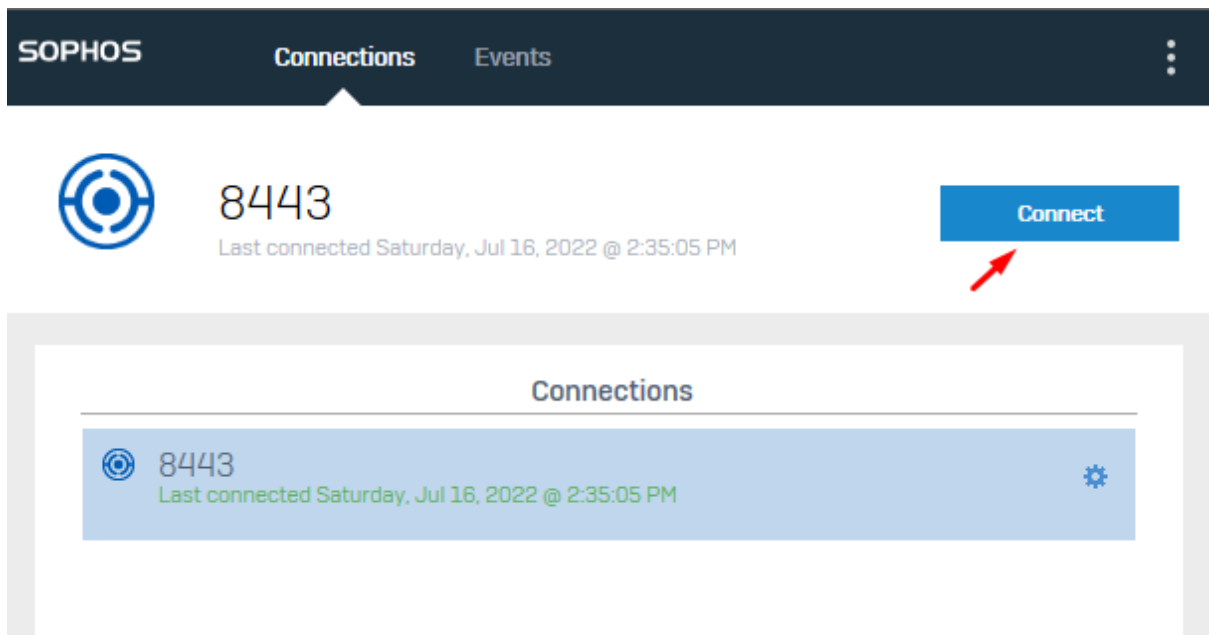

Search for SOPHOS Connect

The current version 1.14.1 is linked against the Subversion library 1.14.1.

Please make sure that you choose the right installer for your PC, otherwise the setup will fail.

for 32-bit OS

TortoiseSVN 1.14.1 - 32-bit

for 64-bit OS

TortoiseSVN 1.14.1 - 64-bit

for 32-bit OS

TortoiseSVN 1.10.5 - 32-bit

for 64-bit OS

TortoiseSVN 1.10.5 - 64-bit

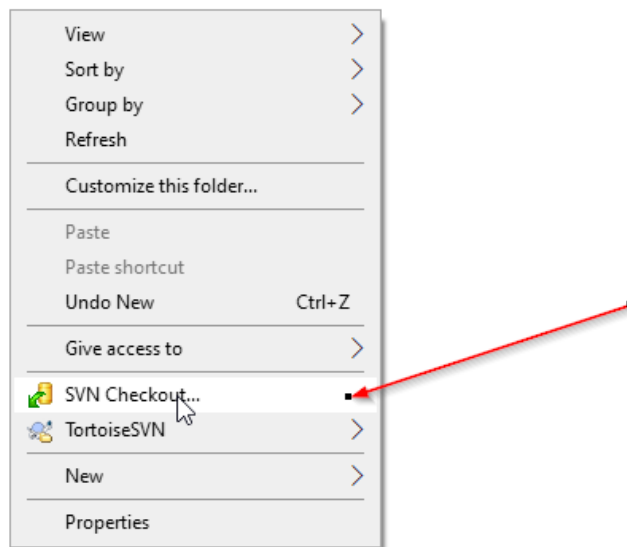

To verify the file integrity follow [these instructions](#).

**Context menu in file-open/save dialogs on x64 OS**

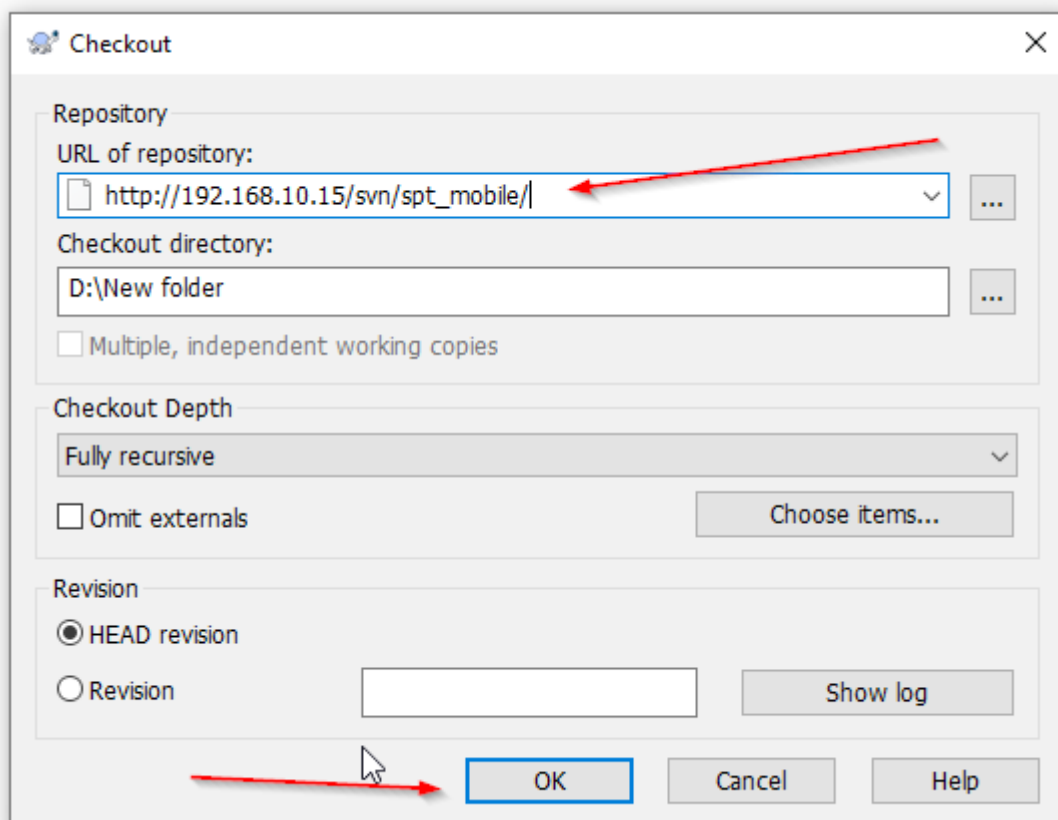

On x64 versions of Windows 7 and 8, the TortoiseSVN context menu and overlays won't show for 32-bit applications in their file-open/save dialogs until you install the [2017 C-runtime for x86](#). (select the `vc_redist.x86.exe` file for download).

Note: this only applies to 32-bit applications on x64 OS. The Windows explorer is not affected by this.

After Installation right click in folder and take checkout of your repository:

Fill your required repository URL and click on ok

Then it will ask your for credentials, put your credentials which your have received from IT Team.
