

Netsmartz CHD SSL VPN Setup Procedure

Uninstall the existing SOPHOS VPN from the personal System control panel.

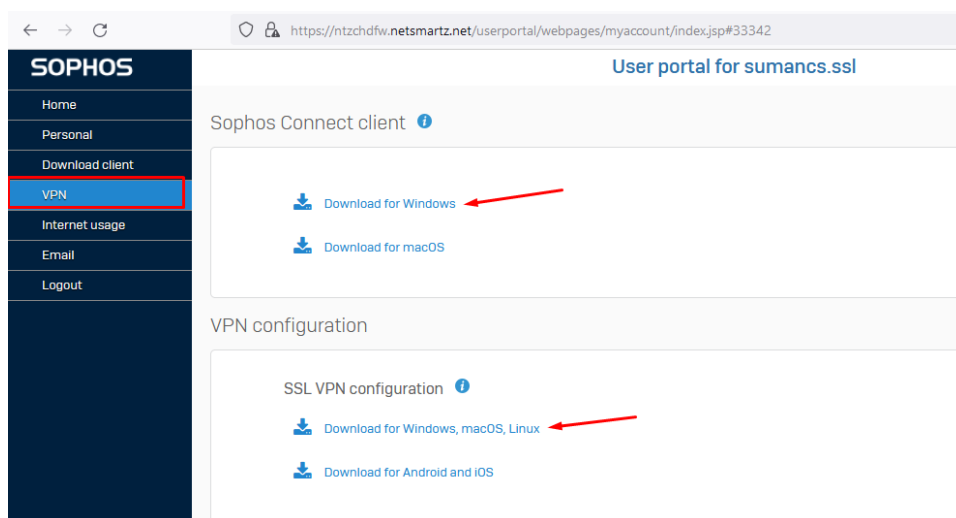

URL: <https://ntzchdfw.netsmartz.net/>

Enter the SSL VPN Credentials

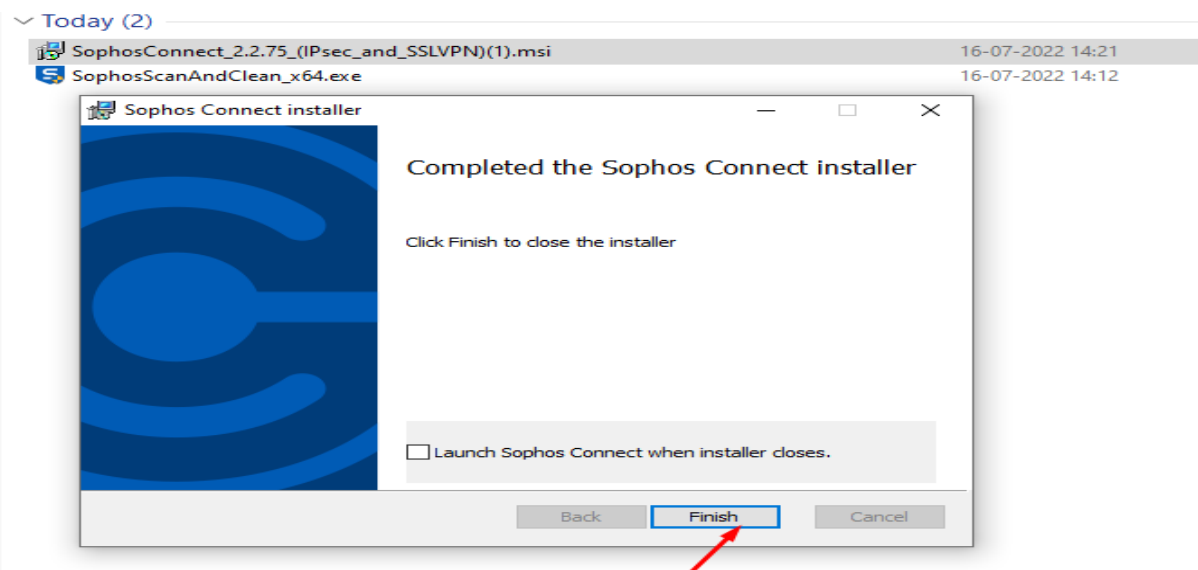

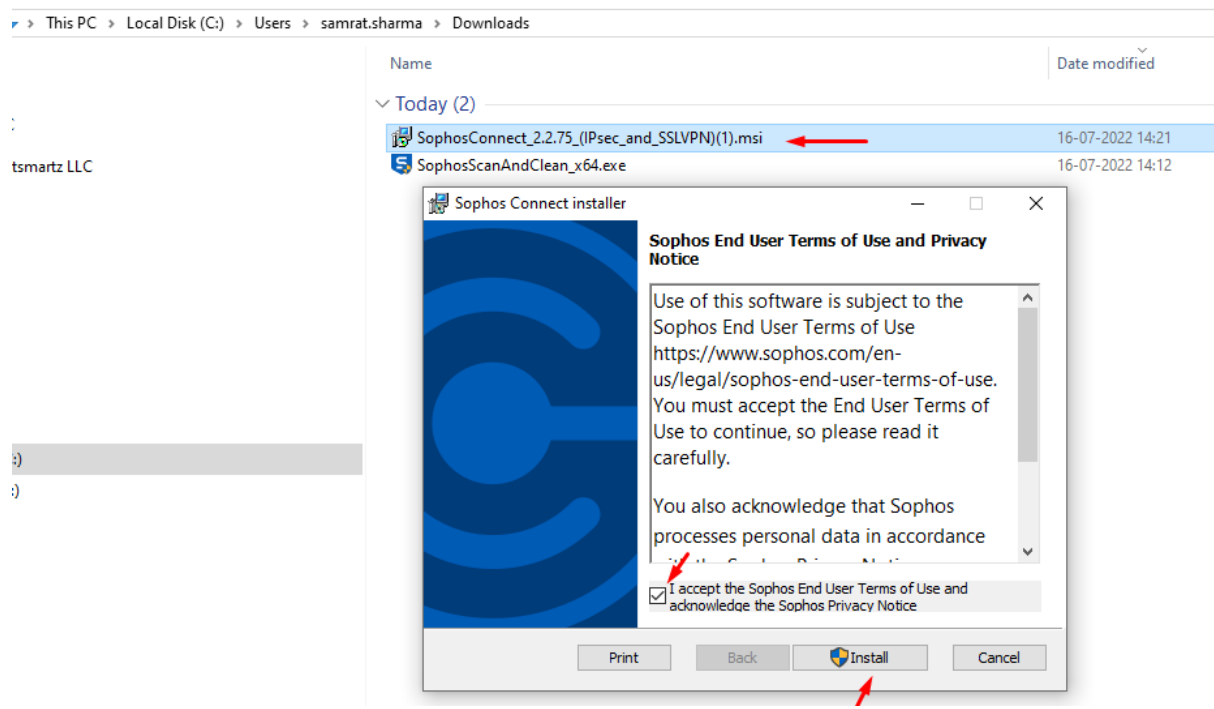

The screenshot shows a web browser window with the URL <https://ntzchdfw.netsmartz.net/userportal/webpages/myaccount/login.jsp>. The page features a dark blue sidebar on the left with the 'SOPHOS' logo and login fields for Username, Password, and CAPTCHA. The CAPTCHA image shows the text '0952kb'. A 'Login' button is at the bottom of the sidebar. The main content area has a dark background with a blue silhouette of two people and the text 'User Portal'. A language dropdown menu in the top right corner is set to 'English'.

Click ON VPN TAB Download the Download for Windows & VPN Configuration files.

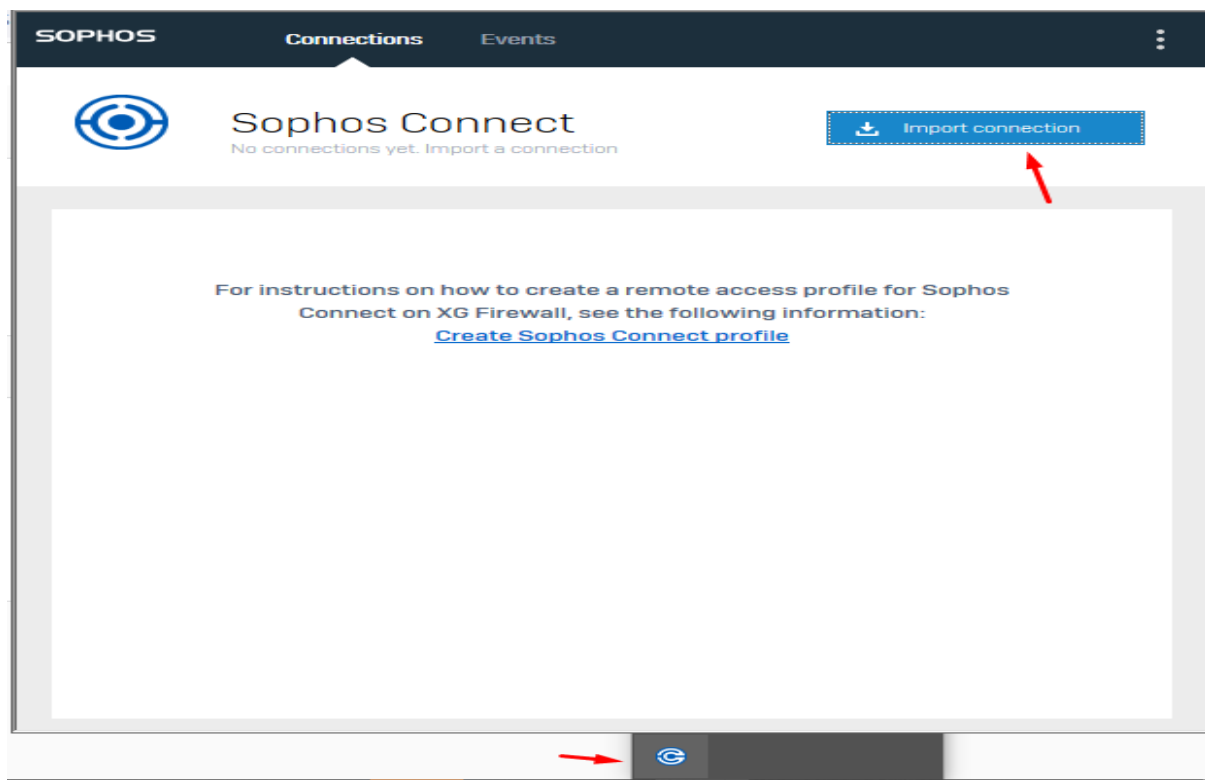

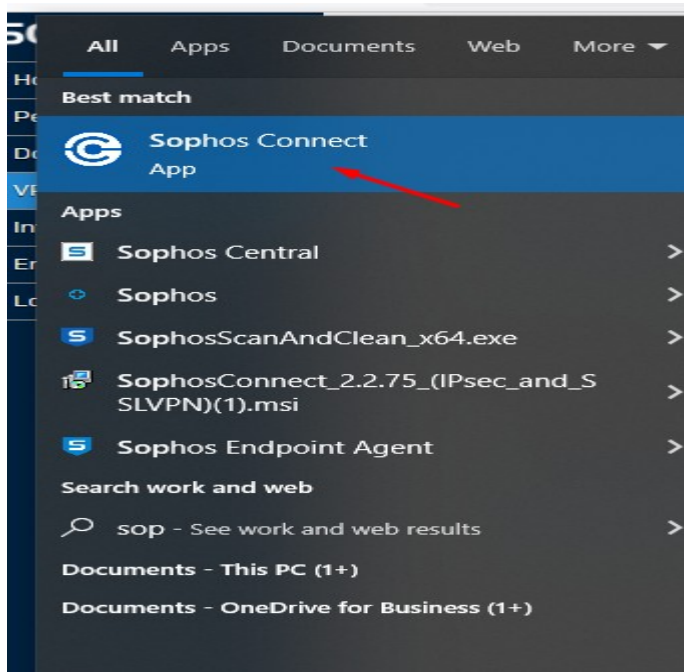

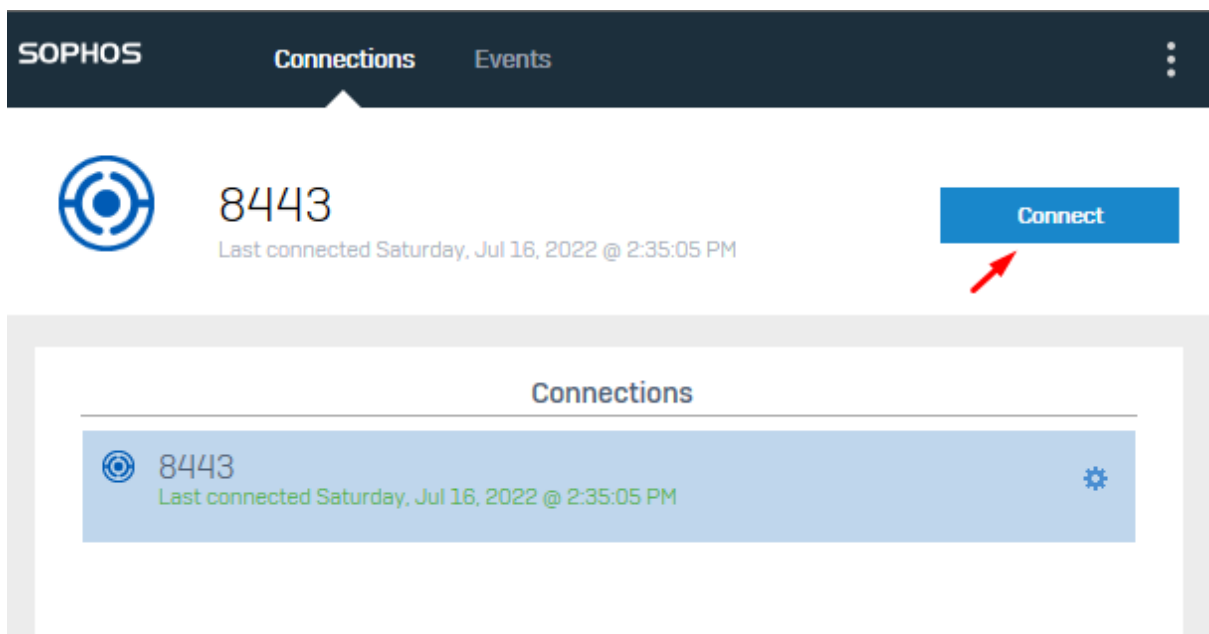

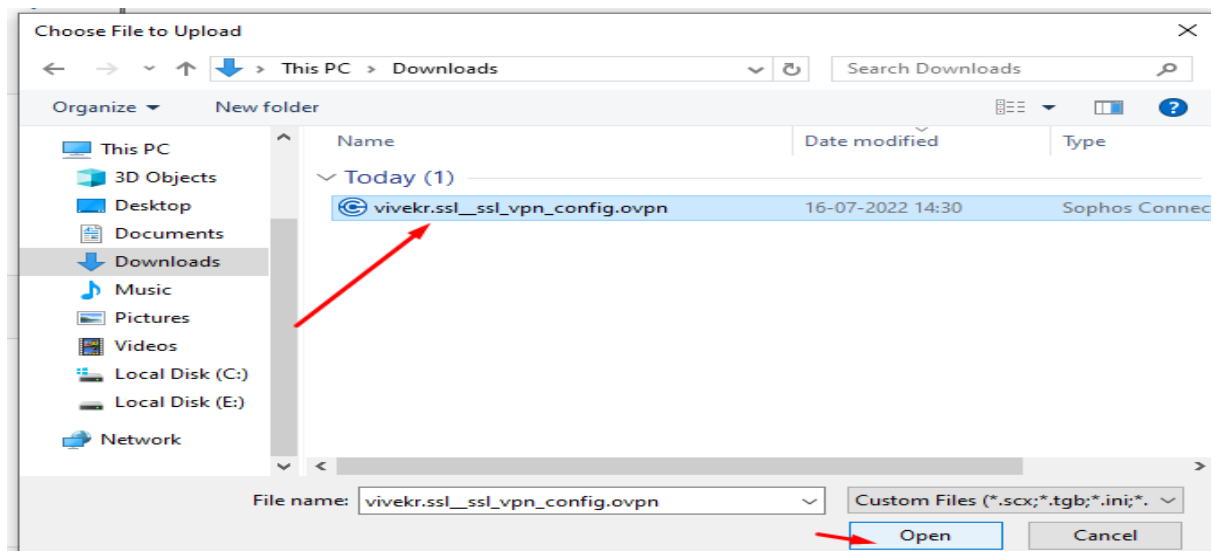

The screenshot shows the Sophos User Portal dashboard. The left sidebar contains a menu with options: Home, Personal, Download client, VPN (highlighted with a red box), Internet usage, Email, and Logout. The main content area has a header 'User portal for sumancs.ssl' and two sections. The 'Sophos Connect client' section has links for 'Download for Windows' (indicated by a red arrow) and 'Download for macOS'. The 'VPN configuration' section has links for 'SSL VPN configuration' (indicated by an information icon), 'Download for Windows, macOS, Linux' (indicated by a red arrow), and 'Download for Android and iOS'.

Run the downloaded for Windows EXE File and follow the Instructions.
